Triennale Milano
Spaces
Since 1923, Triennale Milano is one of the most important international cultural institutions, able to capture the complexity of contemporariness through a plurality of languages: design, fashion, architecture, visual, scenic and performative arts. Triennale organises and produces exhibitions, meetings, conferences and shows; it showcases the projects of leading Italian and international architects, designers and artists; it introduces new points of view on key issues in contemporary society and culture. Triennale is the only Italian cultural institution with a large theatre hall, which hosts a programme of shows and performances focused on multidisciplinarity and receptive to the international scene. Triennale’s collection includes 1,600 objects of Italian design from 1926 to the present day, a restoration workshop, a library and an archive that documents the evolution of creative thinking in twentieth-century Italy.
With spaces suited to any requirement, with strikingly clean lines and quality furnishings, Triennale Milano is the ideal location for communication and business promotion events: conferences, conventions, workshops and gala dinners. In addition, Triennale offers exclusive services such as Caffè Triennale, Caffè Giardino, the Store and the panoramic restaurant Terrazza Triennale – Osteria con Vista.

The Theatre, built in the Thirties from a project by Giovanni Muzio, has undergone various transformations; the most substantial one was completed in the Sixties by architects Grisotti and Rabon. In 2019, an intervention was completed to make the theatre space more consistent with its original intent. The large stage makes the space extremely versatile, able to host not only performances but also conferences, awards and fashion shows.

The Lab is a multifunctional and versatile space, suitable for hosting press conferences, conferences and meetings. Thanks to two large windows overlooking the Garden and floor-to-ceiling windows that separate the room from the Caffé, this space is distinctively bright and airy. To accommodate a range of needs, the windows can be fully obscured, and the glass is covered by a vinyl film that makes the space intimate without interrupting the flow with the outdoor.

The Agorà space, designed by Italo Rota in 2007, is located on the first floor of the building. The space, featuring steps that extend along its entire perimeter, combines archaism and technology: the floor and the interior seats are entirely made of Lebanese cedar wood, which also covers the walls, while the outside is decorated with reflective aluminium. Agora is a unique space, suitable for meetings, symposia and conferences.

Stop by our cafe to make your visit to the Triennale even more enjoyable. It is a unique and welcoming space, with large windows overlooking the garden, and a full food and beverage service including a selection of traditional Italian dishes revisited from a contemporary perspective.
The picturesque wooden veranda features a large communal table. Ideal for an aperitif or lunch al fresco, the Caffè Giardino, headed by Chef Stefano Cerveni, offers salads, gourmet focaccias and chirashi bowls with an Italian twist.
Design, architecture, graphics, fashion, photography and visual arts: the Store offers the latest Italian and foreign book releases and the best industry magazines, a selection of the most iconic design objects, limited editions, publications about current exhibitions, and special events for children.
Terrazza Triennale – Osteria con Vista, designed by Milan architecture firm OBR and opened to the public in 2015, combines excellent cuisine under the direction of chef Stefano Cerveni with a unique location overlooking Parco Sempione and the entire Milan skyline. The kitchen offers different menus for lunch and dinner, with traditional Italian dishes revisited in a contemporary way. The Terrazza Triennale is an exclusive location for events and to celebrate special occasions.
